## OPTIMISM IN AIR ONCE MORE

Mediators Adopt New Plan for Settlement that is not Made Public

### CARRANZA SENDS NOTE AGREEING TO CONFERENCE

Rebels Win Zacatecas Outposts—General Battle Likely to be Delayed by Mud

NIAGARA FALLS, June 22.—The mediators conferred today with American envoys in an effort to preserve peace negotiations. A modified proposal for the settlement of various difficulties was offered the Americans. The contents were not made public. A more hopeful air pervaded the proceedings today, but this may possibly result in a temporary laying aside of the selection of Huerta's successor.

Carranza's Note  
EL PASO, June 22.—Gen. Venustiano Carranza has forwarded his reply to the two notes of June 2 and 5, sent him by the mediation commissioners at Niagara Falls, it was learned here tonight.

Carranza's note, it is understood, reiterated his willingness to have participated in the various conferences, whose sole object he recognized to be the pacification of Mexico and whose good offices he tentatively recognized. The utility of the discussion of Mexican internal affairs, however, is pointed out, Carranza saying the Mexican factions must settle the matter themselves.

Rebels Take Outposts  
The fighting became more general about Zacatecas today according to messages received here. Rebels reported the capture of three important federal outposts. The rebels are reported to have lost heavily in the attack.

Zacatecas Attack Delayed  
TORREON, June 22.—Although outpost skirmishing is in progress about Zacatecas today indications are that the condition of the roads will delay a general attack on the city for ten days.

The federals under Gen. Barron have ten thousand men. Gen. Villa is heading an attacking force of thirty thousand, but the federals are strongly entrenched and Villa will be unable to make an effective move without siege guns which cannot yet be dragged through the bottomless mud on the roads, following storms.

Villa Denies Rumors  
Rumor that Gen. Felipe Angeles had been proclaimed provisional president by Gen. Villa and that Gen. Chao had been executed have been denied by Gen. Villa. As soon as the reports reached his headquarters Gen. Villa said he had heard nothing of Gen. Angeles's dismissal from Carranza's cabinet, as reported from Saltillo. Chao was seen here two days ago as he was about to entrain his troops to move against Zacatecas. Angeles has been near Zacatecas with the artillery brigade for the last four days.

Holmdahl Quits Army  
NOGALES (Sonora, Mex.), June 22.—The report that he would lead an expedition to capture Lower California for the Constitutionalists is untrue, Maj. E. L. Holmdahl, formerly of Gen. Villa's staff, said here today. Maj. Holmdahl said he had left the Mexican service.

## RATES REDUCED BY COMMISSION'S DECISION TODAY

WASHINGTON, June 22.—The Interstate Commerce Commission today ruled in favor of the reduction of railroad rates on wool, hides and similar commodities from western to eastern points. The commission ordered the railroads to refund to the shippers the amount of the "unreasonable" charges plus six per cent.

MRS. WESTINGHOUSE ILL  
LENOX, Mass., June 20.—Mrs. George Westinghouse, widow of the Pittsburgh inventor, is seriously ill at Parkside Park, her summer home here. Early in the week she was stricken with a paralytic stroke. Attending physicians say that her condition is very grave and that her recovery is doubtful.

### GOV. MAYTORENA OF SONORA IN NEW FIGHT

A rebellion within the rebellion against the Mexican government has broken out in Sonora, one of the prosperous northern states of Mexico now under the control of the Constitutionalists. Friends of Governor Jose Marie Maytorena, who has been considered very close to General Carranza, the chief of the Constitutionalists, have been fighting with the followers of General Alvaro Obregon, the Constitutionalist leader.

## Bulletins of News

Hot from the wire up to 3:30 p. m.

### THE WEATHER

Fair tonight and Tuesday; westerly winds.

### Rotarians Open Sessions in Houston

HOUSTON, Texas, June 22.—With Governor Colquitt and the mayor of Houston to welcome them, the delegates to the International Rotary conventions opened their business sessions today in the city auditorium.

### Here's a Marriage That'll Attract Attention

LONDON, June 22.—A couple of good old Americans were booked to get married here today. They are Edie McGorty, of that famous American city known as Oshkosh, Wis., and Myrtle E. Young of Gloucester, N. J. Miss Young is 22 and was born at Spring City, near Reading, Pa. McGorty planned to have the Catholic Archbishop of London perform the ceremony. Miss Young has just concluded an English and Irish music hall tour. McGorty has just concluded a series of fights here.

### New Rochelle is 226 Years of Age Today

NEW ROCHELLE, N. Y., June 22.—Exactly 226 years ago a little band of Huguenots who had been unable to stand the persecutions of France, settled in New Rochelle. Today the anniversary was informally observed by the Huguenot Association of New Rochelle and city officials.

### Germans Celebrate The War of Liberation

NEW YORK, June 22.—Germans throughout the United States today informally celebrated the 101st anniversary of the War of Liberation of 1913 against Napoleon. The day was also celebrated by Germans and music lovers as the 101st anniversary of the birth of the great Wagner.

### Teachers at Denver Summer School

BOULDER, Colo., June 22.—Several hundred teachers from states in the Rocky Mountain region are attending the eleventh annual summer session of the University of Colorado, which began today. Although lectures opened this afternoon the formal opening exercises will not be held until Wednesday. Classes will continue until the latter part of July, examinations being held until July 31.

### Walter Brook Wins Big English Air Race

LONDON, June 22.—Walter L. Brook, the American aviator, Saturday won the air race from London to Manchester and back, beating eight competitors. The course was a distance of 322 miles.

### YOUNG MAN FOUND BADLY INJURED ON ONTARIO STREETS

ONTARIO, June 22.—Carl Pearson, aged 21 years, was found unconscious on Euclid avenue today suffering from a spinal fracture, broken bones, and other injuries. He was partially conscious but was unable to explain how the accident occurred. He is probably fatally hurt. The police are searching for his relatives.

## LABOR LOBBY IS DEFENDED BY WILSON

Declares He Would be Critical if It Used Methods of Business Lobby

### COLORADO COAL STRIKE WILL BE SETTLED BY U. S.

Declares United States Will Stand Pat on Anti-Alien Land Matter

WASHINGTON, June 22.—President Wilson was asked today concerning the complaint made by President Bush of the Ohio Manufacturers Association to the effect that while the president had opposed a business lobby at Washington he had not acted against a labor lobby. The president replied that if labor had used the methods of the business lobby he would be as critical of labor as of business.

President Wilson predicted the settlement of the Colorado coal strike difficulties by a plan now being evolved by the federal labor department.

Referring to the California anti-alien land controversy the president said the United States would "stand pat." He said the matter had been reopened at Japan's instance but added that he sees no reason to change his opinion, that the California law violates no Japanese treaty right.

## BARONESS VON SUTTNER IS DEAD

Peace Advocate and Winner of 1915 Nobel Peace Prize Dies in Vienna

VIENNA, June 22.—Baroness Bertha von Suttner, the Austrian writer who had devoted most of her life to the cause of peace, and to whom was awarded the Nobel peace prize in 1905, died yesterday.

Baroness von Suttner had been ill three weeks. She was undergoing a cure for obesity, which her constitution proved unable to bear. She gave instructions that her body be cremated at Gotha, without religious ceremony, speeches or flowers, her ashes to be deposited in a columbarium there.

Born in 1843, the daughter of Field Marshal Count Franz von Kinisky, the baroness became noted as the editor of Die Waffen Neider (lay down your arms), the magazine of the International Peace Bureau in Berne, which was named after a novel written by her in 1889, designed to spread the idea of peace throughout Germany and Austria.

When a girl, Baroness von Suttner was betrothed to Prince Adolf Wittgenstein, but he was killed in battle. In 1876 she was married to Baron von Suttner, who died in 1902. In 1912 Baroness von Suttner spent six months in the United States, where she delivered a series of lectures to promote the cause of peace.

The baroness was at one time secretary to Alfred B. Nobel, who established the Nobel Foundation, and as a champion of "The Brotherhood of Nations," is said to have been the inspiration that prompted him to offer his peace prize. She was a member of the Advisory Council of the Carnegie Peace Foundation.

## POVERTY VOW IS UPHELD BY COURT

WASHINGTON, June 22.—The supreme court today upheld the legality of the "Poverty Vow" of monks and nuns who sign away all their property rights in favor of their religious orders. The decision was made in a test case brought by the order of St. Benedict of New Jersey against the heirs of Father Augustine Wirth. The fact that Chief Justice White and Justice McKenna are Catholics lent added interest to the decision. Many religious orders, both Catholic and Protestant, are involved, and property valued at millions formerly owned by fifty-nine thousand monks, priests and nuns was at stake.

## OIL PIPE LINES ARE COMMON CARRIERS

Government Victor in Dispute as to Its Authority to Regulate Rates

### COMMERCE COMMISSION IS FULLY EMPOWERED

Six Big Oil Concerns Lose by Decision—Once Upheld by Commerce Court

WASHINGTON, June 22.—Interstate oil pipe lines are common carriers and subject to regulation by the interstate commerce commission according to a supreme court decision today in the famous oil pipe line case. The old commerce court denied such jurisdiction. The decision favors the government.

Six Oil Concerns Involved  
The pipe line cases primarily involved the constitutionality of the amendment of 1906 to the act to regulate commerce holding that all corporations or persons engaged in transportation of oil by pipelines are common carriers. The interstate commerce commission under the provisions of this act ordered the pipe line companies to file tariffs with the commission subject to regulation. The defendants in the case today decided by the highest court, appealed to the commerce court attacking not only the validity of the interstate commerce act relating to pipe lines but contending that to transport various grades of oil from time to time through their pipes would alter the grade value of all oil transported.

The commerce court scouted the constitutionality of the pipe line provision in the interstate commerce act and enjoined the order of the interstate commerce commission pending a review by the supreme court. The government then appealed to the highest tribunal. The defendants were six big concerns capitalized at \$200,000,000, as follows: The Ohio Oil Co., transporting oil to Centerbridge, Pa., from Illinois-Indiana-Ohio, and Appalachian fields; Standard Oil Company of Louisiana; Prairie Oil and Gas Company, a Kansas corporation; Union Oil Company, an Arizona corporation transacting business in Oklahoma and Kansas and Robert D. Benson and others doing business as the Tidewater Pipe Company.

## BIG SPOKANE RATE CASE LOST BY R.R.'S

WASHINGTON, June 22.—Spokane and other intermountain cities won today on their long fight against sixteen roads in their section for reduced rates through a supreme court decision in the intermountain rate or the "long and short haul" case. The decision sustained the Interstate Commerce Commission's order for radical rate reductions.

## ATWOOD AND HIS BRIDE FEARED LOST

TOLEDO, Ohio, June 22.—Aviator Harry N. Atwood and his bride of a month left Cedar Point, Ohio, in an aeroplane at 8 o'clock yesterday morning for Toledo Beach and had not been heard from at 1 o'clock this morning. It was feared that Atwood and his wife had been drowned in Lake Erie or had met with some accident.

It was said that Atwood's motor was not in the best of working order when he left the summer resort. Prior to his departure Atwood told his assistant that if the wind blowing at the time proved difficult to contend he would return to Cedar Point. The assistants remained at the point until sufficient time had elapsed to assure them that Atwood did not intend to return and made inquiries regarding his arrival at Toledo Beach. When it became known that he had not arrived there they spread the alarm and searching parties were organized to try to locate the missing couple.

NOTICE  
—All who need ladders will find it to their interest to look over our stock. We make the only ladder that is guaranteed against racking. We make all kinds at 418 West Fifth.

## STEERING GEAR LOOSE; AUTO TURNS TURTLE

Henry Shafer in Hospital With Two Ribs Broken; Accident Accurs in Santiago Canyon

An automobile in which Charles Shafer and Henry Shafer were riding turned turtle Saturday evening in the Santiago canyon, and Henry Shafer, of Anaheim, had two ribs broken, and he was severely shaken up. Charles Shafer was uninjured. A loose steering gear caused the accident.

The accident happened at a point about a mile up the canyon from the third crossing. The two men had gone up the canyon to bring Tom Doyle to Santa Ana from his ranch. On being told that Doyle's ranch was located opposite the entrance of the Orange County Park, the men turned around and headed back to the park. The roads are in somewhat bad condition at the scene of the accident. Charles Shafer, who was driving, was powerless, owing to the loose steering wheel, to prevent the automobile from turning over a seven-foot bank and landing upside down, with the occupants of the car pinned underneath. A projecting roof at the foot of the bank probably saved the lives of both men from being crushed. The soil under the car was sandy and Charles Shafer was able to dig himself free. By working desperately he dragged his brother from underneath the machine.

The accident occurred at about 7 o'clock. It was some time later when a man on horseback came up. This man rode to the park and an automobile brought the Shafers to that place. From the County Park an automobile was sent for by telephone to Santa Ana. Henry Shafer was taken to the Santa Ana Hospital, arriving there about 10 o'clock. Shafer's attending physician, Dr. Ball, said this morning that the patient was resting easily in spite of considerable pain in the right side. Charles Shafer is employed as a mechanic at Thelan's garage on East Fourth street. He lives at 819 North Flower street, Santa Ana. The machine in which the Shafers were driving is an Imperial. With the exception of a broken windshield, it was not damaged. It was brought home yesterday on its own power.

## MT. LASSEN SAID TO BE REAL VOLCANO

Prof. Diller Views Mountain After Eruption and Finds Evidence

REDDING, June 22.—Mount Lassen is a real volcano, not a giant geyser, according to a statement here today by Prof. J. S. Diller, following a preliminary examination made by him of the main crater. Diller came to Redding to telegraph the results of his observations thus far made to the U. S. Geological Survey. He found deposits of fresh sulphur two or three inches thick coating the deep rocks about the vent, also fresh lava, and molten rocks. The news of the crater erupting lava has caused much surprise.

Prof. Diller refused to predict when another eruption of Mount Lassen is probable. He was accompanied in the ascent of the mountain on Saturday by B. F. Loomis and J. A. Newton. It was a five hours' trip, half by horseback and the rest on foot, the three arriving at the crater at 1:30 and spending four hours there.

They were the first persons to go close up to the volcano's maw since the eruption of last Sunday morning, when Lance Graham was almost killed.

Crater is Irregular Oval  
The crater, an irregular oval, was estimated to be 400 feet major axis, and 200 feet minor axis. The depth could be neither measured nor estimated. The bottom was invisible in the darkness. Black smoke, not steam, bubbled all day from two apertures, one on the south side and one on the north side of the crater. Prof. Diller said the crater was enlarging northward toward what is called north peak.

## MOOSE MAY LOCATE BIG SANITORIUM AT DENVER

DENVER, Colo., June 22.—That Denver will be chosen as the site for the \$2,000,000 sanatorium proposed by the Loyal Order of Moose was the prediction made when the Supreme Council of that order began a session here today. Delegates from all the mountain states are in attendance, the principal business being the selection of the site.

The members of the Supreme Council and the committee which traveled over the country looking at various sites submitted, have been offered 33 sites in the immediate vicinity of Denver.

## 191 BODIES ARE RECOVERED FROM MINE DISASTER

HILL CREST, Alberta, June 22.—Fifty corpses were taken today from the Hill Crest coal mine, all victims of the explosion occurring late last week. One hundred and ninety-one bodies have now been recovered, and eighty men are digging graves in the Hill Crest cemetery today. Funeral processions are continually leaving the village.

## S. P. WINS BIG OIL LANDS CASE

U. S. Supreme Court Upholds Title to 200,000 Acres of \$5,000,000 Value

### MINERAL PATENTS WERE SOUGHT ON PROPERTY

Vast Acreage Held by Southern Pacific Company Under old Construction Grant

WASHINGTON, June 22.—The supreme court decided today in favor of the Southern Pacific Company in the two test cases of Edmund Burke and J. J. Lamprecht, attacking the railroad's title to 200,000 acres of California oil land estimated to be worth \$5,000,000. Besides Burke and Lamprecht, citizens of California, Detroit, Cleveland and other states and cities were involved, seeking mineral patents on property the railroad holds under old construction grants, mostly situated in the California "oil belt" near Fresno. The federal court in California, which reviewed the decision holding "conclusive" the railroad's title under the federal patents, certified seven questions to the supreme court. The court answered the seven questions as follows:

1. Did the land grants to the railroads include mineral lands known to be such prior to the issuance of patents in 1894? Answer—No.
2. Does the patent under the grant excluding mineral lands, issued, however, without federal investigation, convey lands afterward found to contain mineral? Answer—Yes.
3. Is the mineral reservation of patents void? Answer—Yes.
4. Is the mineral reservation void, then, is the patent conclusive evidence that the land is agricultural? Answer—Yes.
5. Is petroleum a mineral within the land patent law? Answer—Yes.
6. Is plaintiff barred from claiming land because he had no interest in it when the railroad secured its patent? Answer—Yes.
7. Is the railroad barred from denying the validity of the mineral reservation clause? Answer—Yes.

The opinion was unanimous. The decision said the government still may sue to invalidate the patents for fraud, but the road's title is safe against collateral attack by private persons through the claim that their title is superior to that of the road.

History of the Case  
The claim of the railroad, with the Kern Trading and Oil Co., known as the "S.P." oil subsidiary concern, dated back to the original charter given the old Atlantic & Pacific Railroad by the government in 1866. This grant gave as a bonus for construction every alternate section of public land NOT MINERAL up to 20 acres per mile on each side of the railroad, with the proviso that "all mineral lands be and the same are hereby excluded from the operation of this act." The Southern Pacific Company took over the Atlantic & Pacific franchise and property.

In 1894 patents to the disputed land were taken out by the railroad. The land is rough mountain country, and alleged to be wholly unsuited for agriculture. Edmund Burke, J. J. Lamprecht and other plaintiffs based their claims upon "relocations" of old mining claims, in the disputed territory, upon which the owners had defaulted. That the land, because of its petroleum oil contents, is "mineral" and not "agricultural" was alleged by the contestants of the railroads' title. They charge that the lands were known mineral lands prior to the railroads' patents and patented fraudulently by the carriers. Deciding in favor of the railroads' title, the federal court in California held that the U. S. patents given the railroads were absolutely conclusive of the title of the railroads and that the lands, when patented, were in fact regarded as agricultural and not mineral. The court held that the federal patents were conclusive against the claim of "strangers," as the contestants were denominated, because of the previous claims of the railroads, and because the plaintiffs' claims were asserted fifteen years after the railroad secured its patents.

The plaintiff declared that the railroad was entitled only to agricultural lands under its construction franchise. Whether petroleum is a mineral also was disputed.

Was to Decide Many Cases  
WASHINGTON, June 22.—When the supreme court met today it was expected to decide all of the 49 cases now before it, then take a recess until next October. Cases for decision include the intermountain rate proposition, the constitutionality of the oil land pipe line law, several important oil land cases and appeals involving state laws. Members of the court are seeking to establish a record of deciding all cases presented to the court in arguments during the year.

## ROOSEVELT FEELS "FINE"—FEVER VANISHES

Former President Leads Other Notables in Number of Degrees

ON BOARD STEAMSHIP IMPERATOR, via Cape Race, June 22.—Colonel Roosevelt expressed great surprise yesterday when shown a wireless dispatch telling of the circulation in the United States of reports that his health is very poor. "I am feeling fine," he said. "I felt a slight effect of the Brazilian fever one day, but there has been no recurrence for several days."

Roosevelt Leads in Degrees  
BOSTON, June 22.—Theodore Roosevelt is four degrees ahead of President Wilson and five degrees ahead of President Emeritus Eliot of Harvard. The degrees are college and university honors and the colonel has eighteen. Dr. Eliot got his thirteenth last week when Brown University made him an LL.D.

—Go to school next Monday at Orange County Business College.

# CHIEF SEATS AND HOW TO REACH THEM

C. E. Socley Holds Symposium Conclusion Was: "Promotion Comes from Motion"

"Chief Seats, and How to Reach Them," was the topic of a splendid meeting of the Christian Endeavor society of the First Presbyterian church of this city last evening, and the leaders, Messrs. J. W. Sauer and Arthur Anderson, should feel fully repaid for their untiring efforts in preparing this meeting.

The meeting was opened by several hymns, prayers, and the Scripture lesson. The subjects found and discussed in this topic were as follows: "Promotion in School," by Miss Vanche Plumb. This subject was very well handled and the closing remark, which is applicable to all life as well as school life, was: If you expect to be promoted, work. W. A. Zimmerman, on the subject of "Promotion in Business," emphasized the importance of being prepared. Don't enter the battles of life, and expect to win, with your hands tied. "Fill the place you are in now so full that it cannot hold you, then 'Promotion in Social Life,' as well as any other, will be sure to come," seemed to be the thought Mrs. Paul Stevens wished to leave with the society. In Glenn Tidball's discussion of "Promotion in Christian Endeavor" the fact was emphasized that the society as a whole would advance just as fast as the individual members would get under the load and lift. "Individual Responsibility,"

A. M. McDermott spoke on the subject of "Promotion in Church Work." He believes, from personal experience, that the Christian Endeavor Society is the place where young people learn to promote church work. Mr. McDermott is a man of wide experience and this thought from him was a great encouragement to the Endeavorers. "Learn to do by doing."

Use the talent or talents God gave you seemed to be the principal thought which Harry Lewis wished to leave with the society in his discussion of the "Promotion in Stewardship." If God gave you ten talents, use them; if five, use them; if one, don't tie it up in a napkin and hide it. Your reward will be just as great if you use well the one as if it were ten.

The meeting was closed by a very helpful talk by Dr. J. A. Stevenson, pastor of the church, on "Promotion in the Kingdom of God." Among many other very helpful things he left the thought that no matter how humble, a person is permitted to promote the Kingdom of God. You don't have to be a minister, a lawyer, or a teacher, just simply a consecrated Christian.

The very spirit of the meeting from beginning to end seemed to be that "Promotion comes from Motion." If you want to be promoted, don't lie down on your job, but keep moving. Mrs. H. R. Palmer and Miss Hazel Rowley furnished the special music, was very much appreciated by everyone.

The Christian Endeavor Mission Study class will meet in the church parlor at 6:30 this evening. The subject for the meeting on next Sunday June 28, is "Civic Reforms That Endeavorers Should Promote." Leader,

## GOOD SUGGESTION TO SANTA ANA PEOPLE

—It is surprising the amount of old, foul matter the simple mixture of buckthorn bark, glycerine, etc., known as Adler-ika, drains from the system. This remedy became famous by curing appendicitis and acts on BOTH the upper and lower bowel so thoroughly that ONE DOSE relieves sour stomach, gas on the stomach and constipation almost IMMEDIATELY. We are mighty glad we are Santa Ana agents for Adler-ika. The Rowley Drug Company.—Advertisement.

**WHITE WOLF IS PERIL**  
PEKING, June 20.—On a telegraphic request from the Lan Chow missionaries, the American legation asked the Chinese foreign office to give missionaries in southern Kansu protection from the notorious bandit, White Wolf.

Great alarm has been created by the burning and plundering of several missions by the brigands.

## "TIZ" FOR TIRED SORE, ACHING FEET

Ah! what relief. No more tired feet; no more burning feet, swollen, tired, ing, sweaty feet. No more pain in corns, callouses or bunions. No matter what ails your feet or what under the sun you've tried without getting relief, just use "TIZ." "TIZ" draws out all the poisonous exudations which puff up the feet; "TIZ" is magical; "TIZ" is grand; "TIZ" will cure your foot troubles so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never, never hurt or get sore, swollen or tired.

Get a 25 cent box at any drug or department store, and get relief.

Building Material of all kinds.

2nd and Spurgeon Sts., Santa Ana.

Ocean Avenue, Garden Grove.

## KING GEORGE GAY ON BELATED BIRTHDAY

Too Busy on June 3 to Celebrate—Wires Busy Carrying Congratulations

LONDON, June 22.—King George is officially celebrating his 49th birthday today, although as a matter of fact he is already nineteen days into his fiftieth year. The actual anniversary, June 3, found the King too busy to receive the congratulations of the rulers and peoples of the world, so another date had to be set so that he could accept felicitations in proper style. Today the telegraph and postal systems were kept busy conveying the congratulations and acknowledgements.

Flags were flown on all government buildings, and salutes were fired at the naval and military stations, while British warships the world over decked themselves out in rainbow fashion.

There were many military parades, the most important being the brilliant ceremony known as "Trooping the Color," which was performed on the Horse Guard Parade, St. James Park, in the presence of the King, Queen and all the members of the royal family at present in London.

King George, wearing the uniform of colonel-in-chief of the Grenadier Guards, rode from Buckingham Palace attended by Prince Arthur of Connaught, Prince Christian, the Duke of Teck and Prince Alexander, and a brilliant cavalcade of high army officers and the foreign military attaches.

Queen Mary, with her daughter and the younger princes, drove to the parade grounds with a cavalry escort, and took up positions in the royal box just above the saluting base.

Great crowds assembled for this popular ceremony, and their majesties were heartily cheered during their progress to and from the Palace. In view of suffragette attempts to get at the King, extra precautions were taken today, the spectators being kept several hundred feet behind the closely packed lines of troops lining the route, and detectives in plain clothes swarmed everywhere.

On the Horse Guards Parade the troops were drawn up in a hollow square, with drums and colors facing the saluting base. Having inspected the lines the King and his staff saluted Queen Mary and took up their positions under the royal standard. The colors of the Scots Guards were "trooped" (marched along the lines) with stately ceremony, and afterward the whole of the troops marched past the King, in slow and quick time. The royal party returned to the Palace amid demonstrations of popular enthusiasm.

## TO THE SHASTA DAISY

Into the earth so dark and brown, A tiny seed like a bit of down Fell, and was nourished by sun and rain Till the winter passed, and 'twas spring again. Then upward sprang strong shoots of green While tiny rootlets crept between Bits of earth, till they moisture found And fixed themselves in the fertile ground.

Weeks sped by and the leaves formed a mound Of the deepest, richest green ever found; While in its center a bud so small Tipped a slender stem that soon grew tall.

And then a day of wonder came— For out of the bud burst a pure white flame That bore in its center a sun of gold, To radiate beauty and joy untold.

Wherever the Shasta daisy is found, There peace and joy and good-will abound; For none can gaze on those petals So softly spread to the warm sun-light.

Without a feeling of grateful love To Him who reigns in the realms above; Who showers with beauty this world of ours, And leaves His smile on the face of the flowers.

Oh, Shasta Daisy, with heart of gold, As we watch your snowy petals unfold, A lesson you offer, if we will heed, That to broader, better lives will lead.

Your sturdy leaves of deepest hue, Were nourished by sun, and air and dew; Your rootlets groped in the cold, dark soil, That your blooms might brighten earth's sordid toil.

Thus, classmates, we, on our way through life, Must conquer the clouds of envy and strife.

We must open our thought to the wisdom of all, And drink in the dew that from great minds fall.

We must send forth our rootlets, and seek evermore In the soil of Life's garden, for Earth's hidden store

Of knowledge and truth, of justice and power— With these we may honor our chosen class flower.

(The above poem was written by Miss Louise Hendrie Grubb, and at the commencement exercises of the Santa Ana High School, class of 1914, Friday night, was read by Miss Grubb.)

## SANTA ANANS IN LONDON SEEING SIGHTS

Raffertys and Miss Dresser Run Up Against Militancy In Visiting Famed Spots

Under date of Saturday June 6, Fred Rafferty writes interestingly from London, England, of the sojourn there of himself, Mrs. Rafferty and Miss C. E. Dresser, these three now being abroad for an indefinite stay. The letter, written to E. P. Stafford of the Farmers and Merchants' Bank, is as follows:

Friend Stafford: We have been seeing so many things and having such a good time, I really do not remember when I wrote to you last. I must make a record of my letters. We left Chester last Saturday and had expected to stop over two or three days in Oxford, but with the tickets we had, railroad connections were not good, so we came on into London.

If the weather was pleasant it had been our plan to come from Oxford to London by steamer on the river Thames. But we are a little early and it is too cool and rainy.

We have heard of "bank holidays." Monday was one of the four during the year and Sunday was Whit Sunday in the church calendar. Saturday afternoon is much observed as a holiday. So with the combination everybody shut up shop and went somewhere. So we found the trains crowded and everything full. We stopped, before, always at hotels. This time we have planned to try the pensions, or boarding houses, or small family hotels. We came to one here that had been recommended and find it very pleasant and the meals much more to our liking than the table d'hote dinners at the hotels.

We came here from Chester on a fast train known as the Royal Irish Mail. The cars or carriages are small, but the train runs very quietly and smoothly and I believe there were only two stops in the nearly two hundred miles. I hope to get a picture of one of these trains to send you.

We attended services last Sunday afternoon at the old St. Paul's cathedral and heard the fine boy choir and Monday afternoon we attended a similar service in Westminster Abbey. The music here was also good, but the choir is not so large.

We spent some time in Westminster looking up the tombs of famous authors and musicians and expect to go again. We are barred from the picture galleries and many places of interest because of the activities of the militant suffragettes. At Sunday morning service in St. Paul's the service was twice interrupted by them, and later an old his oric church on the Thames was burned. Last night the King and Queen "held court" and amidst the presentations a woman made a demonstration. At the British Museum there are guards at every turn and ladies are not admitted unless vouched for by some man who will be responsible for them.

Today we were through the Houses Commons, an ornamental wire screen has been erected before the women's

gallery, but at present no women are allowed in it at all when Parliament is in session. The various rooms in the building are beautifully decorated and have a wealth of oak carvings. The adjoining Westminster Hall, the ancient seat of government, is very interesting. The roof of the great hall is 60 feet span and the timbers are becoming badly worm-eaten. They are killing the pests by chemical applications, and the very heavy slate covering will be removed and a new self-supporting steel roof will be erected a few inches above. There are so many old palaces and royal residences, I cannot remember all of them. We hope Monday to visit one of the old ones known as Hampton Court.

I received the letter you wrote, also the bundle of papers. You did right to send by letter post. Parcel post is handled here so entirely separate that it might not be so easy to get when forwarded.

We have lived so long in California that extremes of temperature are very disagreeable. Three years ago it was so hot we could hardly get about and now it is too cool. If we are walking it is usually comfortable, but we see little of the sun and when indoors are quite uncomfortable without a fire in the grate. It has not really rained much, but it is gloomy and threatening much of the time.

I think we will be in London nearly a week yet, and will likely write again before we leave.

## GLASS OF SALTS IF YOUR KIDNEYS HURT

Eat less Meat if You Feel Backachy or Have Bladder Trouble

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush out the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive, harmless and makes a delightful effervescent litia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder disease.—Advertisement.

## \$200 an Acre!

comes nearer the real value than \$150.00 for the land I am advertising for sale at \$125.00. When you consider the quality of the land, location, water, and the general neighborhood. This land is in crop and you don't have to guess as to what it will produce. It should just suit a "sure thing" general farmer—alfalfa, grain, beans, sugar beets, hogs and cows—40 acres, 60 acres or 100 acres fine level land and is now producing big crops of alfalfa, barley and sugar beets. Plenty of water, 1 1/4 miles from good town in Tulare county. You can contract 15 per cent beets at \$5.00 with 30c rise for five years.

This is the best time to buy land. We have had several years of political agitation, the country has been ruined and saved or saved and ruined, according to the viewpoint of the politician.

The tariff was lowered to reduce the high cost of living and ruin the farmer, meanwhile the price of land has continued to advance and farm products are bringing high prices even in the face of record breaking production and the high cost of living refuses to come down. Confusing, isn't it? Can you beat it? You can if you buy a piece of land now and become a producer of staple food products. Follow that "hunch" that tells you to buy now, before this state begins to feel the stimulating effect of the Exposition, country-wide good crops and easier money. If you are interested in this land or want information about deciduous fruits and nuts grown without irrigation in the Templeton or Paso Robles country, just call me up evening or morning, 6443, or drop me a letter with your address.

## BOTH HURLERS EXTRAVAGANT WITH HITS

Motormen Display More Familiarity With Clouting Utensil Than Stags

EFFORTS TO STAY  
P. E. OF NO AVAIL

Three of Deck's Performers  
Away; 12 to 6 Score Might  
Have Been Worse

By Herman Reuter

The Pacific Electrics swooped down on a crippled Moose nine yesterday afternoon and blandly proceeded to whale the daylight out of the Stags. It was a porous conflict, the hurlers on both sides being extremely extravagant with hits. Nevertheless, the motormen displayed much more familiarity with the clouting utensil than the Stags. Every once in a while the antlers would gather themselves together in valiant efforts to stay the fatal assaults of the conductors but 'twasn't no use. Ichabod, 'twasn't no use. The Stags were handicapped with a vast amount of impertinence yesterday p. m., and that's all there is to it. As has been heretofore intimated the locals had a crippled line-up, Schultz, one of Deck's most proficient performers with the smiting tool, being absent, as well as McGaffey and Walters. However, the Moose "done good," they trumped on the Angel City lads sufficiently to lose by only a 12 to 6 score. It might have been worse.

The car whackers did a quarter of the damage in the initial frame, drat 'em. Bouett had the effrontery to afflict himself with the first globe that Brown chucked, landing on the second hassock. Brown winnowed the next man up. Next, Eagle wielded the pounding implement for a base whack, and Bouett clattered across the skillet. Then Bender ups and couples with one of Brown's offerings for a duo-knock. Cooney's sacrifice scored Eagle when Lee Brown, who was doing the misleaving in McGaffey's absence, dropped the pellet. Bender ambled home from third, clanging the tocsin for the third tally, when Wagner got to the initial tussock on a misunderstanding by Turner, who was cavorting in Walters' place. Mann fluttered out to Turner.

The dazed Stags managed to pound the gong once in their half of the first, when, with two underneath, Luxembourg doubled and Woodward shoved him across the platter with a base clout. Freeman got a single and Lee Brown did the pedestrian stunt—all to no effect as Turner was out on getting hit on his attempt at a third strike.

In the P. E.'s half of the second session things began to look a trifle more serene for the Moose, the Midge dispensing but one hit, amassed by Ferraras. In their half of the same paragraph the Moose rattled their horns and proceeded to do a little business, to the extent of amassing three notches. West lambasted a scalding throw to the left domain and arrived on the second pouch. Midge Brown stroled. Kelley's sacrifice scored West. Duhart abroad, Eagle to Cooney. Luxembourg was intact at the first station when Cooney dropped the sphere and Brown scored. Woodward once more showed his agility with the bludgeon by ramming out a two-sack knock which scored Luxembourg. Woodward went to the third depot on an overthrow and expired there when Freeman was out, Bouett to Cooney. In the first of the third the car men

shattered their clubs something frightful, collecting six hits and titillating the chimes for a like number. The Moose journeyed up into the Emoryan, the ozone—in other words, they went up in the air. The Angel City men disported themselves in a manner that was positively heathenish, to the complete discomfiture of Moose, fans, score keepers and reporters. The details are unfit for publication. Suffice it to say that the antics of the Pacific Electrics so flabbergasted the locals as well as themselves to such an extent that nothing happened until the outsiders' portion of the sixth, when they garnered a hit and a run. The city men tweaked the bell when two were stowed, Freeman accomplishing one of said stowings when he exhibited another of his famous one-handed seizures. Eagle two-bagged and Bender's base thump scored Eagle. Cooney flapped out to Kelley.

Brown breezed out two in the seventh but a brace of singles, a mistake, Turner to Duhart, and a wild throw by the Midge allowed the foreigners to shoot another man across the pan. In their department of the eighth the nickel collectors clanked the tinkler through an error by West and Luxembourg, a sacrifice by Bender and a base swat by Cooney.

The final score was registered by the Stags. It was in their session of the eighth. West flustered. Brown ambled. Kelley amassed a base whack. Duhart garnered a gambol to the second bolster and scored Brown.

The Moose managed to infest the bases in the ninth with two dead, but Kelley sent a high easy one to Arterles.

## METZ WINS HILL CLIMBING CONTEST

In the hill climbing contest at Uniontown, Pennsylvania, Metz wins event 2, against a field of thirteen special racing cars. Time, four minutes and three-fifths seconds. Kline car second, Mercer third, Chandler four, Ford, Maxwell, Buick, Overland, Hudson in order named. And Metz also wins second in the free for all, beating fifteen of the big special racing cars, including Simplex, Mercedes, Packard, Mercer, Oldsmobile, Buick, Stutz, Lozier, all the way from twenty-five seconds to a minute and twenty-two seconds. This three mile hill climb is declared to be the most difficult in the country.

## NEXT PHOENIX RACE DODGE THIS COUNTY

Looks as Though Sentiment Strong  
Against Permit—Auto Club  
Here Against It

The next Phoenix to Los Angeles road race will not go through this county. That is the conclusion that has been forced upon those who have been making preliminary arrangements for the event, which Phoenix wants pulled off during the state fair next fall.

The Santa Ana Automobile Club is not going to ask the Board of Supervisors for the permit for the racers to use the county roads, and the supervisors are not disposed toward granting another permit. The race, if held, will be routed through Pomona and Riverside.

In order to allow the racers to pass through Orange county along the state highway four permits are necessary, one lifting the speed limit over the county roads, one from each of three incorporated cities, Fullerton, Anaheim and Santa Ana.

Last year the Santa Ana Automobile Club sent a committee to the Board of Supervisors and asked for the county permit. Permission was secured only upon the assurance of the committee that the streets would all be thoroughly policed, and the assurance of Sheriff Riddick that he would station a man at every cross road. The permit was given for certain hours only giving the racers plenty of time to get through the county, allowing for some delays between Los Angeles and here.

Supervisors Leck and Schumacher opposed the measure, Leck especially declaring that the sentiment in his district was against the project. He said that the principal objection was to the fact that for days before the race the racers would be tearing through the country trying out their cars and the roads. The other supervisors were not enthusiastic, but with

## GOOD BOUTS ON AT WEDNESDAY SMOKER

Athletic Club Stage All Set for  
the Regular Monthly  
Affair

On Wednesday, June 24, the Athletic Club will hold its regular monthly smoker. A number of excellent bouts have been arranged between some of the fastest light men in the game. Chas. Woods of Willowbrook meets Fighting Lee of Los Angeles, at 115 pounds. Both these boys are of the first division and have appeared at Vernon several times, aside from acting as sparring partner for several of the champions while training for bouts on the coast.

Jack Gillis of Boise, Idaho, who meets Joe White of San Gabriel, is a promising lightweight and has a very enviable record, having met such men as Kid Dalton, Charley Picato, Solly Burns and many others. White, who has appeared here before, is well known and liked.

Frank Ocampo meets Bob Brown of Anaheim and both are well known from the results of past encounters. Ocampo from his memorable affair with Garland, and Brown from his exciting set-to with Perkins. Art Reed, the pride of the Brea oil fields, meets Eddy Fay, the fighting Irishman from Los Angeles. Both boys are very fast and having performed in Santa Ana before, are very well known. Oran Snodgrass and Claude Conn, both local boys, will come together in the curtain raiser. Although being at catch-weight, they should be able to give a very lively account of themselves.

As a special feature of the evening a championship bout is to be staged between two promising colored boys of Los Angeles at 142 pounds. This event will probably be with chalked gloves, a thing that adds much to the enjoyment of the bout.

## A Santa Ana Man's Experience

Results Tell the Tale—Can  
You Doubt the Evidence of  
This Santa Ana Citizen?

You can verify Santa Ana endorsement. Read this: William Thursby, retired farmer, 417 E. Walnut St., Santa Ana, says: "Of and on for years my back and kidneys bothered me. To chop wood, or walk a little distance, made the dull ache in my back worse. Nights my rest was disturbed three or four times. Further evidence that my kidneys were disordered was shown by the kidney secretions. When I read about Doan's Kidney Pills, I got a box. My back was soon in better shape than it had been for a long time. The kidney ailments were greatly relieved, too." Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Thursby had. Foster-Milburn Co., Props., Buffalo, N. Y.—Advertisement.

## COUNTY TOWNS SHARE THE HONORS

Santa Ana, Westminster and  
Tustin Represented by Win-  
ners of Beach Sprints

MILDRED DREW, S. A.  
FIRST IN 50-YARD RACE

Miss Rowena Coffee, Tustin,  
Wins Ladies' Race; Results  
of Swimming Events

Santa Ana, Westminster and Tustin were well represented by the winners of several of the sprinting events at the Saturday Huntington Beach Pier Celebration. Mildred Drew, of Santa Ana, won the 50-yard race for girls under fourteen. Miss Rowena Coffee, of Tustin, arrived first at the finish of the 75-yard ladies' race. The three-legged race was won by James and Knox Long, of Santa Ana. Arthur Roberts and Clarence Conaway, of Westminster, were second in this event. In the sack race James Long finished second. The results of the various events were as follows:

75-yard race for boys under fourteen, Paul Bertles, Anaheim, first; George Bugbee, Hollywood, second. 50-yard race for girls under 14, Mildred Drew, Santa Ana, first; Ethel Wells, Huntington Beach, second. 75-yard race for ladies, Miss Rowena Coffee, Tustin, first; Mrs. W. R. Higgins, Huntington Beach, second. Three-legged race, James Long and Knox Long, Santa Ana, first; Arthur Roberts and Clarence Conaway, Westminster, second. Sack race, Wesley Reed, Huntington Beach, first; James Long, Santa Ana, second.

**Swimming Events**  
220-yard race for ladies, Aileen Allen, Bimini Baths, first; Leona Richmond, Ocean Park, second.

50 yard race for ladies, Hazel Kling, Los Angeles, first; Mrs. Cora Weber, Long Beach, second.  
Men's 440-yard race, Lady, Langer, Los Angeles, first; Sol Tuttle, Los Angeles, second.  
Men's 50-yard race, Cliff Bowes, first; Lyman, Los Angeles, second.

## POOREST DAY IN YEARS FOR FISHING

Many Launches Out but All  
Fail to Connect With  
Briny Denizens

Yesterday was the poorest day for fishing recorded in many years along the Orange county coast. The ocean swarmed with launches but the trollers and light tackle men failed to connect with a single denizen of the briny. Even the "9-9", whose crew has come to be regarded as the championship crew hereabouts, hauled not a solitary fish. Bill Jeffries, "Wild" Bill Cheney, Tom Hill and Victor Shafer went out early in the morning in the "9-9" with the best of intentions. Not having landed anything by one o'clock in the afternoon the anglers returned to shore for "cats," thinking that perhaps such a procedure might help matters. Not so—their attempts on the second venture proved quite as fruitless. It is reported that the only fish obtained yesterday were those caught in the nets of the launch Lompura, owned by J. R. Shafer, of Newport. Shafer made three tries. On his fourth and last attempt he made what is known as a "blind haul," that is he seined where there were no signs of fish. This last haul netted Shafer three boxes of fish.

## PROMINENT PLAYERS AT MIDDLE STATES TENNIS TOURNAMENT

SOUTH ORANGE, N. J., June 22. Under the auspices of the National Lawn Tennis Association the Middle States tournament began here today on the courts of the Orange Lawn Tennis Club. Many of the most prominent racquet wielders of the Middle States were entered in the matches.

## BANNER CROWD AT AQUEDUCT TRACK

NEW YORK, June 22.—A banner crowd today attended the opening of the Aqueduct track. Most of the horses which have been running at Belmont will race during the twenty-three-day meeting.

—Buy wall paper now at about half price. We are closing out our large stock. Chandler, 510 N. Main St.

## Metz "22" Wins

The Metz gearless car proves its superiority over other light-weight cars. Get a demonstration and see these little wonders.

Metz Roadster, 4 cyl. \$530 f.o.b. Santa Ana

Metz Speedster, 4 cyl. \$550 f.o.b. Santa Ana

The METZ "22" is everything you want in a strictly first class roadster. Stylish, speedy, wonderfully economical—travels 28 to 32 miles on one gallon of gasoline, 10,000 to 12,000 miles on one set of tires. Standard equipment throughout, gearless transmission, left-hand drive, center control, four-cylinder water-cooled motor.

Call for demonstration or write for new Catalog.

Harper Motor Car Co.

209-11 North Main, next door south of City Hall.

## Gahm Auto Starter

Have secured the agency for the Gahm Auto Starter, which can be used on Ford, Overland and Studebaker cars. This is a simple device and is absolutely positive as it turns the engine a half revolution every time you pull the handle. By using the starter all damage from backfiring is eliminated. Price installed \$15.00.

Also have the B & B SAFETY STEERING DEVICE

which prevents all wobbling when going over rough roads and is a protection in case the steering gear should break. For demonstration see us at 419 North Broadway. GUS STUMPF.

THE SERVICE OF THE TEACHERS

The public school teachers are now concluding their work, and are supposed henceforth to be care-free until late September. There is a popular impression that this long vacation makes their jobs a soft one. But many of them spend the vacation helping Mother in the kitchen, and in most cases their summers are apt to be laborious. Some parents turn over their children to the schools much as they would check their babies at a day nursery. It gets them out of the way, leaving Mother free to go to the bridge party. Most parents can only partly control their own little flocks. Yet they expect a teacher to take forty of these unsubjugated little wills, reduce them to an orderly discipline, keep them sunny and working, and turn them out equipped with the fundamentals of daily life.

At home the cross-grained habits of children are excused on the ground that they are nervous, or that they inherited these traits and are not to blame for them. When the teacher undertakes to reduce the youngsters to order, the children are irritated at unfamiliar restraints. If a ten dollar a week teacher does not display the diplomacy and self-control expected from a five thousand dollar executive, the parents petition for her removal.

In large towns the teacher lives an isolated life. Low salaries keep her moving from place to place. Social success is a matter of give and take, and as she has no favors to offer, her engagements are apt to be limited to church socials.

The blooming girl who enters the school room at twenty frequently comes out at thirty with a thin, pale, drawn face. But nevertheless the school room is a place of good cheer. The songs of the children, flowers, pictures, give a sunny atmosphere. The teacher renders an incomparable service. She is entitled to high honor. It is a pity that parents do not make more effort to welcome her, and make her life socially agreeable.

SOLICITING BUSINESS

One of the recent progressive steps in the religious world has been what is called the Every Member campaign. It is based on the idea that there are a great many people who attend church who would be willing to give to the work of the church, if their contributions were solicited.

Most churches have not been conducted in a business like way. Regular and thorough soliciting of subscriptions is very rare. As the result of the new idea referred to, many churches that always used to have a deficit have been put on a prosperous financial basis. In one church of about 300 members about 125 new subscribers were secured by this kind of a campaign, with increases of contributions from about 75 others, and a total gain in revenue of \$1500.

It is not often that the churches can teach a lesson in business efficiency to the business man. Yet here is a case in point. Many merchants are conducting their business with a lack of enterprise which is just as marked as the hap-hazard way in which church finances are often run.

It goes to show that if you want financial support for any kind of a proposition, you have got to get out and hustle for it. The business man has no force of unpaid workers, which like a body of church adherents can get out from house to house and solicit help. But the newspaper furnishes the means by which he can tell his story to the entire public.

The mere fact that he appears in the public prints with a story of his business spreads abroad the opinion that he is a pusher. The public values enterprise. It will pass by the old-timer, and go down some side street to hunt out the man who shows initiative. If, in addition, the merchant can talk convincingly about his goods, and give the idea that he really has bargains, there will be no trouble about his success.

VAUDEVILLE IN THE PULPIT

The Reverend Doctor Robert Hugh Morris is by no means alone in his attitude in deprecating the resort to sensational methods to enlarge the congregation.

He lodges his emphatic protest against "sacred vaudeville," which seizes upon reigning fads and follies as the pretext for sermons, and delivers from the pulpit political harangues, economic dissertations, humorous monologues—anything and everything, in fact, but the direct and simple message of the pastor of the flock in quest

IN former days the lawyer wore a gown

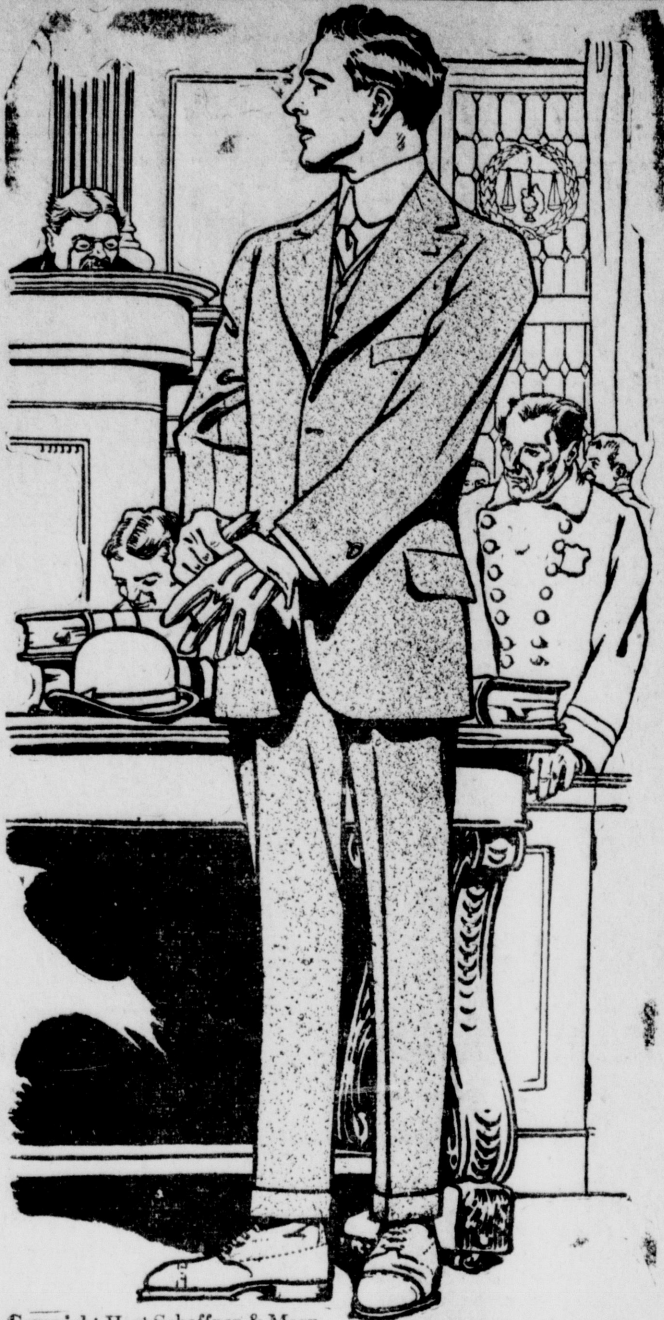

of a characteristic cut; people knew he was a lawyer by the clothes he wore. Nowadays the lawyer or the doctor wears simply good looking clothes; you can't tell by his dress what he is—banker, business man, professional man. Hart Schaffner & Marx clothes are for all of these classes; special new weaves and patterns so varied that all tastes and callings can be suited; correct sizes for every figure.

of the green fields and the limpid brooks of spiritual sustenance.

Some clergymen believe that in order to succeed they must stoop to the "ad captandum" devices of secular entertainment.

A pastor in Liverpool some time ago illustrated the meaning of putting on the whole armor of faith by donning in the pulpit the several parts of a suit of ancient mail.

It must make the judicious grieve to behold the function of the pulpit thus misdirected to the end of entering into competition with the movies, the modern dances and the magazines and newspapers that live by the muck-rake.

As public opinion ultimately sifts and rejects the baser element in literature or the drama, so it must in the long run repudiate the sort of preaching that turns religion to burlesque and opera bouffe and the preacher to a rival of the end man at a minstrel show.

THE SCHOOL BONDS SPECIAL ELECTION

BY C. C. COLLINS

It is unfortunate for Santa Ana that our school funds are not sufficient to meet all the requirements for salaries, etc., for the current year. There seems to be a feeling abroad in the city that the School Board is responsible for this condition, and there is a disposition on the part of some, it seems, to be indifferent as to whether these bonds carry or not. If this were a matter that concerned only the School Board, it would be bad enough; but the fact is, if these bonds do not carry, the teachers, who have done their work faithfully, and have been depending on receiving their salaries promptly when due, will be disappointed and a very great hardship will be inflicted upon innocent parties, as no one would think of attaching any blame whatever to the teachers.

Now the writer does not believe that the School Board is greatly at fault, and while it is possible they have erred in some things in connection with the management of the schools, on the whole they have done their work faithfully and are entitled to the gratitude of the citizens of Santa Ana for their earnest work in connection with the management of our schools for the past year.

No doubt they have spent a great deal more time and thought in connection with this matter than any of their critics. During the past year they have had the building of the Polytechnic

School on their hands. It has been successfully completed and is something that we are all proud of. Perhaps the board in its anxiety to give Santa Ana the very best to be had in her school equipment has gone beyond the means provided for this purpose, still no one claims that they have not given good value for every dollar expended or contracted, and no obligation has been incurred that was not actually needed to make the schools what they ought to be. That being the case, it is unfair, to say the least of it, for persons who have not had this burden on their minds to criticize too severely.

The fact is, we as citizens of Santa Ana elected this board as our representatives and through them we have employed the teachers, who have been engaged for the past year in instructing our children, and now that the teachers have done their work, it is up to us to pay the bills contracted by our representatives, the Board of Education. Otherwise, we will fail in the matter of good citizenship, and will do a great injustice to innocent parties, the teachers, and will give Santa Ana a name which will be a discredit to her for a long time to come. Let us see to it that these bonds are carried with a big majority, and then in the future let us see to it that we have sufficient funds in hand to put through the year's work and discharge every obligation.

ELECTION ON \$10,000 TAX

The following statement is made by the president of the Santa Ana Board of Education: Editor Register:—Please allow me space for a short statement of the purpose for which the election set for July 8 is called by the Board of Education. The object is to vote a special tax of \$10,000 to provide funds with which to pay the salaries of the grammar grade and kindergarten teachers for the months of May and June and also the salaries of the grammar school janitors for the same months. If this tax is voted the teachers and janitors will get their pay at once.

The only words which go on the ballot are: "Tax—Yes" or "Tax—No." This is in compliance with the law. If any other words are put upon the ballot the election will be invalid.

The Santa Ana Board of Education is not the only one in California which is in financial straits. This condition is common, and Santa Ana is not the only city in Southern California in which a special election is to be held this summer to provide funds to make up a deficit. School funds are apportioned on the basis of the attendance in the year preceding that in which the money is expended, and no provision is made for an increase in school population; but Santa Ana has grown wonderfully for the last three or four years, and the school funds have been inadequate to provide for the large increase in attendance.

W. L. DUGGAN.

## CONSERVATORY MUSICAL

### Students of Mr. Fraser Joined in Pleasing Program on Saturday Evening

The Saturday afternoon musicale of the Conservatory was given by some of the members of Mr. Fraser's class, assisted by Mr. Kenneth Gekeler of the violin department and Miss Cora B. Siefert, voice.

The studios were well filled, notwithstanding the numerous other attractions, and the program was thoroughly enjoyed.

Owing to the busy season at the close of school, and contrary to the rules of the Conservatory, several of the pupils were allowed to use their notes, and owing to this reason the selections were not so freely and easily played, but careful training was noticed in every case.

The program was as follows: Mazurka (Heins)—Kenneth Coulson.

By the Mountain Spring (Bohm)—Blanche Hill.

Legende, violin (Wieniawski)—Mr. Gekeler.

Stephanie (Czibulka)—Lois Smith.

Serenade Tristi (Tarenghi)—Ada May Sharpless.

The Red, Red Rose (Hastings)—Miss Cora Siefert.

Minuet (Pederewski)—Miss Seavay.

(a) Traumerei (Schumann); (b) Gavotte (Handel)—Mr. Gekeler.

Dance of the Spirit (Bohm)—Dorothy Hunt.

Consolation (Mendelssohn)—Miss Mary Beatty.

Valse Caprice (Newland)—Ada May Sharpless.

I Know a Bank (Parker)—Miss Cora Siefert.

W. C. T. U. to Meet in Birch Park

The W.C.T.U. will meet Tuesday at 2:30 in Birch Park. This will be the last meeting before the summer vacation and a splendid meeting is expected. S. M. Davis will speak on the "Present Status of the Dry Campaign," and all interested in California going dry should attend this meeting. The men are especially invited. All members and friends are requested to take a light lunch as a social time will be enjoyed after the program. The committee in charge are Mrs. L. E. Sturgeon, Mrs. J. H. Walker, Mrs. Mary Crissman, Mrs. Von Allmen, Mrs. Frambes and Mrs. Stanley.

All are cordially invited. Let everyone be present and make this the best meeting of the year.

Recital Hour Changed

By the request of many who wish to attend the Benjamin recital at the First Baptist Church Tuesday evening, but who have an engagement earlier in the evening, the hour of the recital has been set at 8:30 o'clock on that night. The program promises to be an admirable one.

—O—

Junior Bible Class

The Junior Bible Class of the First Congregational Church will meet tomorrow evening at the home of Prof. Charles H. Stearns, 502 South Sycamore street. An especially large attendance is desired as this will be the last meeting of the class for the season.

—O—

Orange County Conservatory of Music

Our enrollment total of five hundred and forty (540) is bound to reach the six hundred mark before fall.

In summer our expenses go on just the same and we must balance the falling off of our students who have faithfully worked throughout the school year by adding new ones during the vacation season.

Our greatest handicap is the excessive demand of school work, which most unfortunately prevents many from pursuing music.

Get the ten per cent discount this week, however, and study.

## JUVENILE PARTY

### Little Tot of Four Years Had Merry Birthday Event at Majors Home

Alice Eugenia Majors, aged four years, had the most delightful of little parties Saturday because it was her birthday. Only the little ones of the near neighbors were invited, but the affair was just as happy as though it had been a big party. The small guests and their hostess romped on the lawn in gay out of door games, besides having some pleasant games in the house.

But the most joyous of all was the birthday repast. There was a lovely birthday cake in pink and white, with four pink candles for the honoree's four birthdays, besides one to grow on. The tot all wished good wishes while Alice Eugenia blew out the candles, then they indulged in some delicious pink and white ice cream, pink and white candy and slices of the pink and white cake. At their plates were place cards of pink rose buds and pink Cecil Bruner roses adorned the table. The shades were drawn and the electric lights were turned on, transforming it all into a miniature fairy place.

Besides the small honoree, who had many gifts from the children and her loving relatives, there were present Lois Eugenia Morris, Louise Long, Edna Enoch, Violet Kingston, Floyd Morrison, Theo Clayton, Clell Buitt, Ben Love, Marion Nicholson.

—O—

Overton-Lockyer

A wedding of interest to the younger church set and Y.M.C.A. circles of this city is that of Charles S. Overton and Miss Melissa L. Lockyer on Saturday afternoon at 4 o'clock at the home of Rev. and Mrs. J. A. Stevenson, 1016 North Broadway. The groom formerly lived in Santa Ana on North Main street, having residence here for about two years. The bride's home was in Bellflower. The young couple left for their home in South Pasadena shortly after the ceremony.

—O—

Pupils' Recital

Miss Shackleton will present her music pupils in recital on Tuesday, June 20, at 3 o'clock p.m., at the home of Mrs. W. L. Deimling, 805 North Broadway. Miss Shackleton has been very successful in her work here and friends and patrons will be pleased with this opportunity to become better acquainted with the results of her instruction.

—O—

AMUSEMENTS

Bible Play at the Lyric

Probably no film production was ever brought to Santa Ana that is attracting the attention and large matinee patronage as "Samson," that massive six reel masterpiece, with 600 scenes and 2000 layers, which is appearing at the Lyric Theatre today.

The entire production was made on the ranch, the Coast plant of the Universal, at Hollywood, Cal., though the effect of old world atmosphere scenery and architecture is so pronounced as to be startling and would lead one to suppose that the company had been taken to Palestine for the production. One of the most difficult things to handle was the Temple of Dagon. This huge setting had to be constructed very carefully, to give the appearance of the utmost solidity.

On the other hand, it had to be constructed in such a way that "Samson" could overthrow the entire structure by the building of the central pillars. Furthermore it had to be constructed in such a way that the thousand people in it no one would be harmed by its collapse. Another extremely difficult thing was the training of a lion. Warren Kerrigan was never trained for lion taming, but to see him tear the jaws of a live lion one would think he had taken an extensive course under Hagenbach or Ferrari.

But before the lion was taught to permit Kerrigan to stretch his jaws to the limit, he had to feel the scars of his teeth on Kerrigan's body, and they will be there to his dying day.

The story of "Samson" is the heroic of all literature, the story of the strongest man that ever lived, and the man to whom God gave carte blanche in avenging his wrongs. It is the story of the most spectacular, romantic and tragic figure of antiquity. He combined all the qualities which we have come to know as human, and for that reason the story of his life is the most dramatic of any told in sacred literature with the possible exception of Esther.

Every parent should witness this production and particularly should they see that their children attend this educational film production. Manager Knapp has made arrangements whereby all school children are admitted to the matinee performance on Tuesday at 5 cents. Remember the play is only here for Monday and Tuesday.

—Reduced rate excursions every Saturday to Yosemite. All necessary expenses 10 days, \$45.00, including Mariposa Big Trees, \$60.00 C. A. Wilcomb, agent, 606 South Spring street, Los Angeles.

## COMMITTEE FROM THE COUNTY FEDERATION TO INVESTIGATE THE COUNTY LIBRARY PROJECT

Mrs. Ida F. Rutton of Anaheim, president of the Orange County Federation of Women's Clubs, has called a meeting of the executive board of that organization for next Wednesday, and chief among the topics to be considered at that time may be listed the county library project.

The County Federation is not committed to that project. Neither is it on record against it. At the meeting of the Federation in April a resolution was introduced favoring such a project. A resolution upon the subject was passed, but Mrs. Rutton says that the resolution does not commit the Federation to the plan. The president was authorized to appoint a committee to investigate the plan with the idea of securing information concerning it, and if the committee should find that the county library is needed a recommendation to that effect would be given the Board of Supervisors. That is the understanding of the situation by Mrs. Rutton and Mrs. A. J. Lawton of Santa Ana. "The County Federation is not asking for the county library," said Mrs. Rutton. "The officers of the Federation are not convinced that the library is needed. We want to investigate thoroughly."

It is probable that on Wednesday a committee will be appointed to make this investigation. This committee, or some other committee representing the County Federation, will probably appear before the Board of Supervisors on July 8, at the hearing set for the date.

Mrs. Eddy, state organizer of county libraries, was in Santa Ana yesterday and had a conference with Mrs. Rutton and Mrs. A. J. Lawton in regard to the matter. Mrs. Eddy states that her attitude toward the project is not that of urging the library so much as working out the establishment of a library where one is wanted.

Mrs. Flora M. Pyle of Westminster, who presented the county library plan to the Board of Supervisors, stated today that she went as a representative of the Woman's Club, not as a representative of the County Federation.

## HEAD OF RALPHS GROCERY, L.A. DIES FROM ACCIDENT

LOS ANGELES, June 22.—George A. Ralphs of No. 7269 Hollywood boulevard, president of the Ralphs Grocery company, died at 2:15 o'clock yesterday afternoon in a San Bernardino hospital, as the result of a mountain accident in which a huge boulder crushed his left leg. The accident occurred in a canyon in the San Bernardino Mountains, back of Arrowhead, while Mr. Ralphs, seated on the boulder, was endeavoring to assist Mrs. Ralphs to place beside him. The boulder, weighing about three tons, gave way and rolled twenty feet down into the canyon, carrying Mr. Ralphs with it. His leg was caught beneath the boulder and nearly torn from the socket. He was immediately rushed to the Ramona Hospital at San Bernardino, where an operation was performed in the hope of saving his life. Mr. Ralphs came out from under the anesthetic within a short time and talked to his wife for a few minutes.

The shock of the amputation, added to that of the accident, was too great, however, and death followed in an hour. The body was brought here this morning. No inquest will be held.

# FRUIT GROWERS TO MEET NEXT WEDNESDAY

Both Sate Horticultural and U. C. Agricultural Dept. to Aid Meeting

To complete plans for the big convention of fruit growers to be held in Los Angeles the second week in November, says the Los Angeles Tribune, the special committee in whose hands the plans have been placed will meet Wednesday afternoon at 2 o'clock. The committee is headed by C. B. Messenger, editor of the California Cultivator.

The two big forces in horticulture in the state, the state horticultural commission and the agriculture department of the University of California, will unite to make the fifty-fourth convention the most notable yet held. A. J. Cook, head of the state horticultural commission, and Dr. H. J. Webber of the Riverside experiment station, will be the leading spirits.

An innovation at the November convention will be an institute for women in charge of Lillian D. Clark, assistant in the agricultural work of the University of California.

The sessions of the convention will be divided between the State Association of County Horticultural Commissioners and growers. The state association will have the first two days, and during the remaining four days the growers will hear culture discussed by the finest experts in the country.

The special committee is composed of William Wood, horticultural commissioner; A. D. Shamel of the United States agricultural service at Riverside; Dr. Herbert J. Webber of the Riverside citrus experiment station; Carl S. Milliken, Riverside; C. C. Teague, Santa Paula; Philip Rise, Santa Barbara; D. E. Huff, Orange; J. S. Jones, Etiwanda; James S. Armstrong, San Diego; Walter E. Packard, El Centro, and W. E. Laidlow, Upland.

**WOMAN PUBLICITY AGENT**  
CHICAGO, June 20.—Miss Jessamine G. Hoagland, who wrote the advertising "copy" that shows a silver dollar with a pie-quarter cut out of it, with the suggestion that you "save one-quarter of your income," has become the publicity manager of the savings department of the National City Bank of Chicago. Miss Hoagland is the only woman in America holding such a position.

**PLOW WORKS TO RESUME**  
SOUTH BEND, Ind., June 20.—Announcement was made yesterday that the Oliver plow works, an immense institution, will resume operation of its full force July 6. The plant has been operating with a short shift, but the huge crop of wheat in the West and Northwest makes it necessary to work the big plant at its capacity.

# SERMON IS PREACHED TO SENIOR CLASS

Whittier College President Preached to Orange High Graduates

(By Staff Correspondent.)  
ORANGE, June 22.—The baccalaureate sermon to the graduating class of Orange Union High School was delivered at the First Presbyterian church last evening by Dr. Thomas Newlin, president of Whittier College. An immense crowd jammed the church and taxed the seating and standing capacity of the auditorium, Sunday school room, ladies parlors and the ante-rooms.

Dr. Newlin gave a strong sermon on the value of higher education and the strong need of more religious spirit connected with the worldly affairs of industry and commerce. Dr. Newlin is not merely an orator but he is a deep thinker and a man of character. All the fruits of his knowledge and experience were stamped into the sermon of last evening when he told the graduates where their path lay and what the world needed and expected from them.

The exercises opened shortly before 8 o'clock after the thirty-five graduates had filed in and took their seats. Rev. J. H. Speer presided. A piano prelude by Mrs. Mabel Kressen was followed by the scripture reading by Rev. Livingston of Villa Park. Rev. H. M. Moore of El Modena then offered prayer and there was the singing of a hymn by the combined choirs of the local churches. Announcements of graduation week were made by Principal W. M. Fishback, and then came Dr. Newlin's sermon.

This was followed by another hymn and the closing benediction was given by Rev. J. E. Pickett.

The death of Mrs. E. E. Wilbur of this city who has been in a critical condition at the Sisters Hospital in Los Angeles for the last few weeks, took place there last evening at 10:30 o'clock.

For some time it was realized that Mrs. Wilbur was making a hopeless fight and the end was not unexpected, though it will spread a wave of sincere grief over the many friends of the family in this city. An operation was performed some weeks ago in a vain attempt to save her life, but the effort proved fruitless.

Mrs. Wilbur with her sister, Mrs. C. Lewis, and Undertaker D. A. Blank went to Los Angeles this morning to bring the body home. Arrangements for the funeral have not been completed.

Mr. and Mrs. George King and Miss Eva Fearn leave tomorrow morning for a stay of three months in Hutchinson and Arlington, Kansas, where they will visit relatives. They will their homeward trip they will stop for visits with friends in Colorado Springs and Salt Lake City.

Rev. W. H. Galbraith, pastor of the First Baptist church, leaves with his family tomorrow for their old home in Halifax, Nova Scotia, Canada. They will take the Sunset limited from Los Angeles tomorrow, traveling over the Southern Pacific.

Earl Pine returned this morning to the Los Angeles Normal School after visiting at home over Saturday and Sunday.

Mr. and Mrs. W. O. Hart and daughter Jean, Miss Lena Mae Clough, Mr. and Mrs. C. W. Meadows and son Donald, left this morning for Avalon, Catalina, where they will join the outing of the Southern California Editorial Association.

Dr. Thomas Newlin returned this morning to Whittier after preaching the baccalaureate sermon to the Orange high school graduating class in this city last evening.

Mr. G. H. Otte of Los Angeles arrived here Saturday for a few days' visit with his grandson, Dr. F. L. Chapline.

A recital will be given this evening by piano pupils of Mr. and Mrs. W. S. Dearing at the Center street school. Friends of the pupils have been invited, though owing to lack of seating room the invitation has not been given general. The recital will be given at 8 o'clock.

Miss Lillie Foster, Miss Irene Deyard, Miss Grace Adkins, Ralph Deyard and Robert Hastings of the Pacific Hospital, Los Angeles, were visitors at the E. W. Camfield home on East Palmyra avenue yesterday.

Eugene Small of Murietta is visiting his grand parents, Mr. and Mrs. J. P. Small, on East Palmyra avenue.

Will Woods of South Pasadena is visiting friends here for a few days.

W. O. Rowley is down from Exeter for a visit with relatives and friends.

Mr. and Mrs. Leo Clapp of Long Beach were guests of his parents, Mr. and Mrs. G. W. Clapp, on North Orange street yesterday.

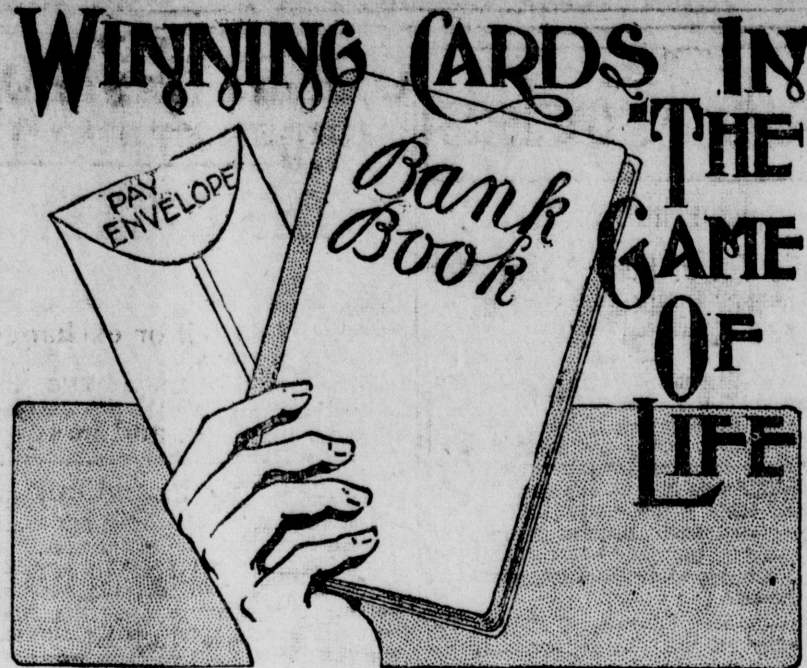

Parke S. Roper, candidate for the nomination for county clerk, was in Orange this morning.

Leslie Baker is ill at his home on South Orange street.

Cures Stubborn, Itchy Skin Troubles. "I could scratch myself to pieces," is often heard from sufferers of Eczema, Tetter, Itch and similar Skin Eruptions. Don't scratch—stop the itching at once with Dr. Hobson's Eczema Ointment; the Red, Rough, Scaly, Itching Skin is soothed by the healing and cooling medicine. Mrs. C. A. Binfield, Rock Island, Ill., after using Dr. Hobson's Eczema Ointment, writes: "This is the first time in nine years I have been free from the dreadful ailment." Guaranteed, 50c, at your druggist.—Advertisement.

## AT ONCE! CLOGGED NOSTRILS OPEN, HEAD COLDS AND CATARRH VANISH

Breathe Freely! Clears Stuffed-Up, Inflamed Nose and Head and Stops Catarrhal Discharge. Cures Dull Headache.

Try "Ely's Cream Balm."  
Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-nose and catarrhal sore throat will be gone.  
End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.  
Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous drooping into the throat, and raw dryness is distressing but truly needless.  
Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Advertisement.

## TUESDAY EVENING, JUNE 23, AT GRAND OPERA HOUSE

### IN THE JUSTICE COURT

## HIS LIGHT WAS OUT BUT SAYS NOT GUILTY

Wickersheim of Fullerton Is Going to Fight No-light Complaint

William J. Wickersheim paid a fine of \$5 in Justice Cox's court this morning with about as much displeasure as has ever been manifested in Cox's court, and some of them separate hard. Wickersheim was up on a charge of running an automobile at night without having the rear light of his machine lighted. He protested vigorously against being fined, because he said his light has been burning. He pleaded not guilty. The case was set for trial July 6, and then Wickersheim wanted to know if he could not get off for \$2.50. Cox told him that everybody got the same dose in his office, and that dose was \$5 for no lights. Wickersheim then withdrew his plea of not guilty and paid \$5. He continued to declare he had not had a square deal, and Cox told him he had better leave the courtroom before he was sent across to jail for contempt of court. Wickersheim left.

Wickersheim is a merchant of Fullerton. He was in Santa Ana last night, and it was while here that he was taken by the motorbike officer. Wickersheim says he has a grievance of his own against Santa Ana, and he said he ought to sue the city. He says that he was riding along on North Broadway on the paving. The rate of speed was along about ten or twelve miles an hour. Just as Wickersheim gave the machine a little more gasoline the dip near Fifteenth street was hit, and Mrs. Wickersheim was severely jolted. Then came the second dip and the second jolt.

"I haven't a thing to do with that," said Justice Cox. "The officer told me that he felt of your rear light, and he says it was cold and that you had to get coal oil out of the front lamps to fill it before you left the officer."

Wickersheim said that the rear light was going all right a short time before he was arrested.

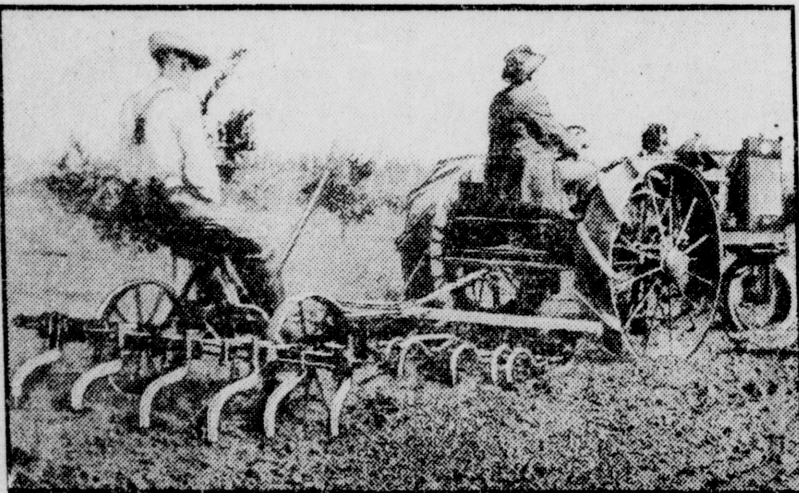

**Paid Fine of \$5**  
E. N. Young today paid a fine of \$5 for running an auto at night without having proper lights upon the auto.

**Case Dismissed**  
Unable to get sufficient evidence, the authorities today asked for the dismissal of the charge against Gonzales Gutierrez. The man was accused of stealing harness.

### I. W. W.'S SECEDE FROM FEDERATION OF MINERS

BUTTE, Mont., June 22.—Seceders from the Western Federation of Miners launched an independent miners' union yesterday, rejecting peace overtures from President Charles H. Moyer.

The seceders have an executive committee of twenty, a majority of whom are known to be members of the Industrial Workers of the World. The chairman of the committee is J. B. Bradley, one of the leaders of the Industrial Workers of the World in Butte. McDonald, the temporary president of the projected independent union, is a member of the Industrial Workers of the World.

PRICE—ONLY \$1100.00.  
You should see it work at the Peterkin ranch, where the above picture was taken.

Only takes one man to handle Tractor and Tools.  
W. H. PETERKIN, Orange, Cal.  
General Agent Orange County.

### AT THE COURTHOUSE

## YORBA LINDA WATER CASES NOW ON TRIAL

Defendants Defeated in Attempt to Get a Continuance

This morning Judge Thomas began the trial of the action brought by property owners of Yorba Linda against the promoters of the tract. Attorneys for the defendants tried to get the trial put off, but the court denied the motion. The reason for asking a continuance was that Attorney Haas, who has done most of the court work for the defendants in these cases, is unable to be present at this time.

Attorney Carr, representing the plaintiff land owners, stated that some of the plaintiffs had come a long distance for the trial, and that the plaintiffs had gone to a considerable trouble to be present.

Attorneys Henry and Carr have been trying a case in Nogales, and Carr left it to be here. Henry will arrive tomorrow or Wednesday.

It was stated by attorneys on both sides that the first evidence to be submitted would be documentary, and adjournment was taken until tomorrow morning so that the attorneys may stipulate as to what evidence shall be admitted without question. The taking of evidence from witnesses will commence tomorrow.

There are four cases being tried in one trial, the issue in all the cases being the same. It is alleged by the land owners that the Yorba Linda Water Co., and those who formed it, including Peter Jannus, Jacob Stern, H. W. Frank and M. N. Newmark, failed to fulfill their contracts in regard to the development of water to the Yorba Lindans, who seek by the court to get their remedy. The land owners allege that bonds were issued by the water company for which no consideration was received, and that the water users are assessed to pay interest on the bonds.

## RASPBERRIES WERE LIGHT

Nipponese Comes to Grief when County Sealer Attaches two Crates

R. Tsujieche came to grief this morning. Sealer of Weights and Measures George McPhee was on the job on Fourth street when the Nipponese left two crates of raspberries on the sidewalk while he (Tsujieche) went into a store to barter for the disposal of the fruit.

The sealer opened the crates, saw that each basket was considerably short of the weight required by the city's laws, and forthwith attached the berries, taking them to the city hall. When the little man from the Flower Kingdom returned to his wagon, saw that the berries were gone and why they were gone he jumped into his vehicle and made post haste to his ranch. He returned anon with more berries. He drove to the city hall and exhibited a keen desire to fill the confiscated berry baskets with the fruit he had obtained from his farm.

"Fill 'em up, fill 'em up," anxiously reiterated the Japanese.

His remark was taken to mean that he was entirely willing to put berries sufficient into the attached boxes to make up the shortage.

His plea availed him nought. He was taken before City Recorder Wilson. Here the diminutive brown gentleman was vehement in expostulating that he knew nothing about the weights and measures law.

"Then why were you so anxious to get more berries so that you could fill up the short weight baskets?" blandly inquired the Judge.

The Jap was nonplussed.

"Five dollars," said the city recorder.

R. Tsujieche paid.

## ASQUITH HEARD 6 SUFFRAGETTES

LONDON, June 22.—Premier Asquith fulfilled Saturday the promise to receive a deputation of six suffragettes, working women, which he made to Miss Sylvia Pankhurst, militant leader, when, after her recent temporary release from Holloway jail took up her position on the doorstep of the house of commons and threatened to carry out a hunger and thirst

strike there until the promise was given.

The premier explained that, while it had become necessary to suppress the organized violence of the suffragettes, the government had no desire to interfere with free speech or the proper organization of opinion.

In conclusion, Mr. Asquith promised consideration of the women's representations, and said he would present to Reginald McKenna, the home secretary, the deputation's request for release of Miss Sylvia Pankhurst, unconditionally.

### GIRL SCOUT AWARDED PRIZE FOR HEROISM

WASHINGTON, June 22.—Miss Doris Lipmann, a girl scout of Savannah, Ga., has been awarded by the National Red Cross Society a prize of \$50 for heroic conduct.

A man had been overcome by gas while digging a well and Miss Lipmann revived him.

### LONDON SUFFRAGETTES ATTACKED IN STREETS

LONDON, June 22.—Suffragette baiting has become the regular Sunday amusement of London crowds. The police were kept busy yesterday afternoon in Hyde Park protecting the women and escorting them to places of safety. The disorders finally became serious and the police were obliged to use their truncheons to disperse the rioters.

### HUERTA'S COUSIN DIES OF HURT IN LOS ANGELES

LOS ANGELES, June 22.—Marcel Huerta Quintana, reputed to be a cousin of President Victoriano Huerta of the Mexican Republic, died yesterday afternoon at the Sisters' Hospital as a result of injuries received on Thursday evening when he was struck by an automobile at Fifth and Spring streets, driven by W. A. Mann of 217 East Twenty-fifth street.

## GUARDING HIM SO HE CANNOT GET MARRIED

ORANGE, June 22.—Lester Crawford, who is known by a goodly number of people in Orange and El Modena, is under guard in Pasadena to keep him from marrying. Crawford has frequently been at his father's ranch at El Modena. The father, Francis E. owns the new heights subdivision south of the foot of the El Modena grade, the ranch home being the last house on the south side of the road before the grade is reached.

Lester, whose efforts to wed Miss Laura Koppe, a frail little graduate of the Nazarene University at Pasadena, that the two might become missionaries in Japan, led to a breach between himself and his father, which was followed by a train of arrests, counter-arrests, escapes, and other experiences, passed the day quietly yesterday as the ward of Chief of Police McIntyre of Pasadena.

The chief placed a guard over him and told the two to amuse themselves in whatever way they liked and go wherever they chose, so long as they remained away from Miss Koppe and from the young man's father, Francis E. Crawford, of No. 1213 North Mentor avenue, Pasadena.

Chief McIntyre declares that since Judge Rives has appointed him as the boy's guardian he will serve as such and try so far as possible to keep him away from those on both sides of the controversy until the case is settled in the superior court, probably this week.
